FireFrame Hearth Surrounds

- Combine with any brand of mantel.
- Prefabricated three-piece tile surround bolts together for efficient installation.
- Oversized tiles create a dramatic look with minimal grout joints.
- Matching hearth extensions available with optional Heritage Trim.
- Non-combustible construction.

FireFrame Tile Selection

Optional Heritage Trim

Available factory installed, or as a kit that attaches in minutes to any hearth pad (except slate and K-Value pads). Charcoal powder-coat finish is paintable to match any stove color.

Optional Slate Trim

Offered factory installed for our slate pads. Classic profile in black slate compliments any slate tile colour.
