### ORDER CANCELLATION

SBI will charge a fee of 8% for the cancellation of any order with a value greater than \$2,000. This fee will be increased to 15% if the cancellation occurs within 2 weeks of the expected ship date. Returns of merchandise must be authorized.

### CHANGES TO THE PRICE LIST

SBI reserves the right, without notice, to make changes to the price lists during the year (addition, withdrawal, price change, etc.). It is the customer's responsibility to always download the most up-to-date price list from the customer portal.

### FUEL SURCHARGE

In the case of a crisis in the oil products industry, a fuel surcharge per stove or insert will be applied according to the following table if the recommended fuel surcharge as published by the Freight Carriers Association of Canada is above 50% for truckloads or containers under 55,000 lb (25,000 kg).

FCA PUBLISHED SURCHARGE	TRANSPORT SURCHARGE IN \$/STOVE
< 50%	N/A
50% to 54.9%	\$4.00
55% to 59.9%	\$6.00
60% to 64.9%	\$8.00
65% to 69.9%	\$10.00
70% to 74.9%	\$12.00
75% to 79.9%	\$14.00
80% and more	\$16.00

The fuel surcharge will only be applicable to customers whose prices may include prepaid freight or who benefit from fixed freight rate brackets. The fuel surcharge invoiced by SBI is calculated at the date of shipment. In addition, the fuel surcharge will be applicable if the FCA published surcharge remains higher than 50% for at least 2 weeks. Should this occur, the surcharge applied by SBI will be in effect for a minimum period of 2 weeks. The goal of the surcharge is to make commerce viable between SBI and its customers would a crisis occur.

### NORTH AMERICAN PREPAID & CHARGE FREIGHT POLICIES FOR PARTS AND ACCESSORIES

All part and accessories are shipped collect on the customer's courier account (UPS, Fedex, Puro, etc.). If the customer does not have a courier account, parts can be shipped "prepaid & charge". For customers ordering at least one stove, parts, and accessories with a total weight of less than 200 lb will ship free of charge under the customer's appliance freight program.
