

RMI Training Update - 7/20/20

Dear Valued Customer,

We hope that you, your family and team are safe during these difficult times that we are experiencing with COVID-19. The past few months have been challenging and has forced us all look at different ways of conducting business.

We take pride in providing training programs that add value to your business.

In light of the current situation we have made some changes in how we provide training as we do our part to practice social distancing and mitigate the spread of the virus.

- 1. Onsite training has been put on hold until further notice.**
- 2. Coffee Talk online training opportunities will continue.**

Please visit our website and follow us on social media to stay up to date

We will continue to monitor the CDC and public officials for guidance. We recommend that you also monitor the situation and stay informed so you can take the necessary precautions to keep yourself and your family safe.

We look forward to seeing you in person and getting back to a normal program as quickly as possible.

In the meantime, if you have any specific questions or training needs, please reach out to us through your RMI Sales Representative and we will work with you to determine an alternate means to accommodate your needs.

We appreciate your business and support in our training efforts!

Thank you,

Chris Wolfe
Manager of Technical Support and Training
