

SUMMER/FALL SCHEDULE 2025

KOHLER GENERATOR FACTORY TRAINING WEBINAR

As generators are becoming more popular, RMI is partnering with Kohler as an emergency power solution. This webinar will focus on the most popular models with features and benefits. We will review air cooled, liquid cooled generators and transfer switches. Basic installation practices will also be covered. To become an Installer or Dealer, additional requirements must be met and will be discussed.

- July 11th - 2:00pm - 3:30pm - [Webinar](#) (Link Provided Upon Sign-Up)

SENSIT GAS DETECTION EQUIPMENT TRAINING

Come and learn about how Sensit gas detection equipment can be used to improve safety within your business, from leak detection to compliance. The class will cover a variety of Sensit equipment and keeping that equipment within calibration. If your focus is on safety, you should attend this class. Bring your Sensit equipment with you.

- July 15th - 8:00am - 12:00pm - [Bensalem, PA](#) (No lunch provided)

NAVIEN PRODUCT REVIEW

This class will review Navien products such as the new NHW series non-condensing tankless water heater and the NPF series condensing hydronic furnace. We will also go over service and maintenance for the NPN series non-condensing tankless water heater. Rounding out the lineup, we will discuss the NPE series condensing tankless water heater. We will get into the details of installation, service and troubleshooting. This will be a great opportunity to learn about Navien products.

- August 12th - 8:00am - 12:00pm - [Landover, MD](#) (No lunch provided)

REGULATOR BASICS / LINE SIZING

This combination class will discuss regulator basics in the morning, and line sizing in the afternoon. Regulator operations, sizing, and troubleshooting will be discussed. We will touch on commercial regulators and OPP. Piping materials and different line sizing methods will be covered. We will also do some line sizing examples in class.

- August 13th - 8:00am - 4:30pm - [Charlottesville, VA](#) (Lunch provided)

ELECTRIC FIREPLACES / CODES FOR THE HEARTH INDUSTRY

This combination class will discuss electric fireplaces in the morning and codes for the hearth industry in the afternoon. We will review the fireplaces that Ray Murray distributes and the different technologies. We will discuss a broad overview of installation practices and service. The codes portion will review NFPA# 54 and IFCG requirements of the 2024 editions. This will not be all inclusive but will provide some discussion. Bring your code books!

- August 14th - 8:00am - 4:00pm - [Charlottesville, VA](#) (Lunch provided)

- Lee, MA: 50 Limestone RD. Lee, MA 01238
- Bensalem, PA: 1443 wells DR. Bensalem, PA 19020
