

SPRING SCHEDULE 2024

ABSENT STUDENTS WITHOUT PRIOR NOTICE WILL BE CHARGED A FEE

RINNAI FACTORY TRAINING

This will be a combination class of two product lines. The morning session will cover the Sensei tankless hot water heaters. The afternoon session will cover DV space heaters. Both sessions will review basic installation, but more focus on service and troubleshooting. Students will have the ability for hands on in the class as we will have units for disassembly. We will also discuss the Heat Pump Helper system.

- **April 2nd - 8:00am - 12:00pm - [Bensalem, PA](#) (no lunch provided)**
- **April 23rd - 8:00am - 12:00pm - [Lee, MA](#) (no lunch provided)**

REGULATOR BASICS/LINE SIZING

This Combination class will discuss regulator basics in the morning, and line sizing in the afternoon. Regulator operations, sizing, and troubleshooting will be discussed. We will touch on commercial regulators and OPP. Piping materials and different line sizing methods will be covered. We will also do some line sizing examples in class.

- **April 24th - 8:30am - 3:00pm - [Lee, MA](#) (lunch provided)**

TOOLS OF THE TRADE

Learn about what tools are available and how to use them in the propane industry. Do you really know how to use a multi-meter? Learn all the basics during this seminar. CGI's, line locators and testing equipment will be topics of discussion.

- **May 8th - 8:00am - 12:00 pm - [Lee, MA](#) (no lunch provided)**
- **May 15th - 8:00am - 12:00 pm - [Bensalem, PA](#) (no lunch provided)**

BASIC ELECTRICITY

Reviewing the fundamentals of electricity as related to the LP industry. Topics include basic electricity, millivolt systems, electronic ignition, and motors. Discuss the use of the multimeter in troubleshooting and discussing wiring diagrams.

- **May 9th - 8:00am - 12:00 pm - [Lee, MA](#) (no lunch provided)**
- **May 21st - 8:00am - 12:00 pm - [Bensalem, PA](#) (no lunch provided)**
