INSUL-LINER™ another "simple solution"

The National Fuel Gas Code (NFPA 54, ANSI Z223.1) recommends, but does not require that in certain situations liners be insulated.

Best practice, use an insulated liner in exterior chimneys or when a brick chimney has no clay liner.

The insulation will help keep the flue gases warm and prevent condensation.

Also, refer to the equipment manufacturer's instructions for their recommendations.

INSUL-LINER™

- Takes the guess work out of insulating.
- Simply remove from the box and install.
- No wrapping - liner is insulated at the factory.
- Save installation time.

Insul-Liner™ Kit 25' and 35' kit

Kit includes:

- Insulated Aluminum Liner, Chimney Flashing
- Bird Proof Rain Cap, Mortar Collar, 3 screws

Proprietary 2 layers of .005 316Ti Plus Titanium stainless steel for a total of .01 thickness ensures indefinite service life and increased safety, in containing creosote fires. cUL tested and listed by UL to UL1777 and ULC S635.

Smoothcore eliminates the turbulence inherent with corrugated liners, improving draft. Resists corrosive attack by not impeding the flow of condensate down the liner, therefore, less opportunity for soot to accumulate. Patented Triple-Lock® design won't pull apart during installation, or under extreme heat. conditions.'

Z-FLEX US®, INC Aluminum Chimney Liner Limited Twenty-Five Year Warranty

Z-Flex® (U.S.), Inc. ("seller") extends the following LIMITED WARRANTY on its aluminum chimney liners (the "Liners") to the original end-user of the Liner:

Seller warrants the Liners against all defects in workmanship and material for a period of twenty-five (25) years from the date of installation. This warranty shall apply only when the Liner has been installed according to UL and equipment manufacturer's installation instructions. Deviating from the installation and use instructions included with the Liner will void the warranty.

Under this Limited Warranty, Seller's sole responsibility and liability shall be to replace the Liner and/or accessories, if found by Seller to be defective, without charge to the end-user, and shall not include replacement installation or other costs. Seller shall not be responsible or liable for other expenses or damages, whether direct, incidental or consequential, to other areas of the property in which the Liner is installed, to the surrounding property or to any persons.

IMPORTANT: The Liners are designed for use with the following fuels only: natural gas and propane gas. No other fuels should be used with the Liner. Use of any fuel other than those recommended by Seller for use with its Liners will void the warranty. Excessive condensation with high chlorine content may corrode aluminum. Where these conditions prevail, Seller recommends AL29-4C® Stainless Steel Liners. Refer to equipment manufacturer's installation instructions for proper chimney liner material for appliances which produce condensation.

WARNING: THE LINER SYSTEM MUST BE INSPECTED ANNUALLY BY A QUALIFIED CHIMNEY TECHNICIAN. SULPHUR RESIDUE, CONDENSATION WITH HIGH CHLORINE CONTENT, OR THE USE OF UNAPPROVED CHEMICAL CLEANERS MAY WARP OR CORRODE THE LINER, WHICH MAY RESULT IN THE FAILURE OF THE LINER SYSTEM. FAILURE OF THE LINER SYSTEM MAY RESULT IN THE LEAKAGE OF HARMFUL CARBON MONOXIDE GASES CAUSING DEATH OR SERIOUS ILLNESS. IN THE EVENT OF A CHIMNEY FIRE, THE LINER SYSTEM SHOULD NOT BE USED UNTIL IT HAS BEEN

INSPECTED FOR DAMAGE OR FAILURE BY A QUALIFIED CHIMNEY TECHNICIAN. Such misuse of the Liner will void the warranty.

To activate the warranty, the end-user must complete and return the Z-Flex® Warranty Registration Card within ninety (90) days of installation of the Liner. Upon receipt of written notice of any defect, Z-Flex® reserves the right to examine or engage others to examine the Liner. Such examination must establish reasonable proof of defective material or workmanship justifying replacement.

NO OTHER EXPRESS WARRANTY HAS BEEN MADE OR WILL BE MADE ON BEHALF OF SELLER WITH RESPECT TO THE LINERS OR THE INSTALLATION OR REPLACEMENT OF THE LINERS. SELLER SHALL NOT BE RESPONSIBLE FOR ANY OTHER DAMAGE, LOSS OF USE OF THE PREMISES, INCONVENIENCE OR LOSS OR DAMAGE TO PERSONAL PROPERTY, WHETHER DIRECT OR INDIRECT, AND WHETHER ARISING IN CONTRACT OR TORT.

As some states do not allow the exclusion or limitation of incidental or consequential damages, the above limitations or exclusions may not apply to you.

IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, IMPOSED ON THIS SALE UNDER STATE/PROVINCIAL LAW, ARE LIMITED TO THE PERIOD DURING WHICH THE ORIGINAL END-USER OWNS OR OCCUPIES THE PREMISES IN WHICH THE LINER IS INSTALLED. AS SOME STATES DO NOT ALLOW LIMITATIONS ON THE LENGTH OF AN IMPLIED WARRANTY, THE ABOVE LIMITATION MAY NOT APPLY TO YOU!

Claims under this Warranty must be made within the warranty period in writing and directed to: in the USA; Warranty claims, Z-Flex® (US) Inc., 20 Commerce Park North, Bedford, New Hampshire 03110, (603)669-5136 or (800) 645-5600. In Canada: Warranty Claims, Z-Flex® Inc, 452 Attwell Drive, Etobicoke, Ontario M9W 5C3, (416)679-0045. This warranty gives you specific legal rights, and you may also have other rights that vary in different states/provinces.
