OUR DEDICATED TEAM

PRINCIPAL OWNERS

Ray Murray Inc. is dedicated to proactively participating in the growth of:

- Our Customers' businesses
- The Propane, Hearth, Heating, Outdoor Living and Energy Industries
- Our Team and each Team member

We recognize that advancements in all three areas are critical to our company's success. Dedication and creativity of our loyal employees, many with over 20 years of service create the core of our achievements toward these goals.

INNOVATION OUTDOORS

Step into an aficionado's outdoor kitchen. Admire the sleek, luxurious, meticulously engineered grills, as beautiful as they are high performance. Get up close and personal. You'll appreciate the unique and innovative designs, precisely cut and shaped by our master craftspeople from the finest stainless steel. Enjoy grilling, eating and spending time together as much as we do – making memories that linger long after the grill cools down.

TWIN
EAGLES.

Why MHP Grills? In a word... **Quality**

DESIGN & CONSTRUCTION

- Proudly made in the USA
- MHP Grills average a life span of 20+ years (Industry average is 4 years)
- Constructed of commercial grade 304 stainless steel & cast aluminum for lasting durability
- Our cast aluminum and commercial grade 304 stainless steel design withstand the elements better than any other material

GRILLING EXPERIENCE

- Porcelain briquettes provide consistent even heat distribution and minimize flare-ups
- Cast Aluminum housings provide ultimate heat retention
- Choose grill features and add optional upgrades to customize for specific needs

LIFETIME SERVICE

- Backed by one of the most comprehensive lifetime warranties in the industry
- Quality materials and construction means easier to maintain and less to replace
- Perform maintenance easily on an MHP Grill for a lifetime of service
- Friendly and knowledgeable customer service specialists readily available for the lifetime of the grill

PRODUCT HIGHLIGHTS

- ▶ These grills have picked up where the original Charmglow left off
- ▶ Our H-style burner design provides superior heat distribution compared to the competition
- ▶ Competitive pricing that yields better margins
- ▶ Easily increase grilling performance with our SearMagic Cooking System
- ▶ Grills are built to suit with a variety of grill heads, mounts and burner configurations
- ▶ Available in select markets

**THE GRILL THAT
COOKS IT ALL!**

An American Made Grill

Why Phoenix Grills? In a word... **Versatility**

DESIGN & CONSTRUCTION

- Proudly made in the USA
- Unique grilling technology allows you to grill, roast, steam & smoke while minimizing flare-ups
- Dual controls outperform most of our competition by providing a wider range of temperatures
- Cast aluminum constructed drip pan distributes heat more efficiently across the entire grilling surface
- The addition of an Infrared SearZone (Part #PFMGSEAR — purchase separately) truly makes this a complete grilling station
- Easy-to-use but packed with advanced grilling features

WORRY-FREE CONFIDENCE

- Backed by one of the most comprehensive warranties in the industry
- Friendly and knowledgeable customer service specialists readily available for the lifetime of the grill

PRODUCT HIGHLIGHTS

- ▶ Stainless Steel construction is made to last
- ▶ Complete outdoor cooking system—no need to supplement with other grills for specialized grilling
- ▶ Straight forward grilling with all the additional quality features for the serious backyard griller
- ▶ Ships in one box!
- ▶ Dual burner system, along with our cast aluminum drip pan, allows for a wider range of temperatures so you can grill, roast, steam or smoke all in one grill.

PRODUCT UPDATES

PRECISION CONTROL TOP

The new 6-position aluminum damper top allows for more precise temperature control. It also features a hood for all-weather grilling.

EASY LIFT HINGE

The new hinge design reduces the force necessary to open the lid by 70%, making grilling a breeze for all of our Primo users.

CERAMIC RETAINER CLIPS

Our new handle design integrates retaining clips to help keep the ceramic top firmly in place.

LOWER AIR CONTROL

The new 5-position lower air control slider allows you to adjust the airflow into the bed of charcoal. Utilize this new feature to precisely control the temperature in the grill while cooking.

American Made.  **Amazing Flavor.**

Bring Home Outdoors

FIREPLACES

FIRE BOWLS

FIRETABLES

FIRE PITS

Homeowners all over the country have come to realize the allure of fire in their backyards. American Fyre Designs™ fireplaces, firetables, fire bowls, and fire pits are available in a variety of styles, colors, and textures to complement any décor. Each product is crafted from innovative glass fiber reinforced concrete (GFRC). GFRC derives its strength from alkali-resistant glass fiber and acrylic polymer that results in durable concrete to withstand the outdoor elements. Modular construction makes these easy-to-assemble components fit readily into most backyards.

IGNITION SYSTEMS

AWS All Weather Electronic Ignition System

Single Fire Feature

How it Lights

If you chose an FPB system (see page 8 & 10), the system lights by pressing the toggle switch on the faceplate.

or

Multiple Fire Features

How it Lights

If you choose our A La Carte System, the way to operate your fire features are endless! See page 7 to learn more about the A La Carte Purchasing System!

TMSI Thermocouple Manual Safety with Spark Ignition

Overview

- Thermocouple Manual Safety TMS Technology (Non-Piloted, Non-Filament Systems)
- Manual Spark Ignitor Kit included
- TMS System with Safety Valve turns gas off when flame goes out
- Robust ignition system with full BTU throughput

How it Lights

Turn the control knob to the ON position. Press the Spark Ignition button. Press the control knob inward while pressing the spark ignition. After the fire lights, continue to hold the control knob for 30 seconds. To turn off the fire pit, depress the control knob slightly and turn to the OFF position.

MT Match Throw

Overview

- Most popular ignition system, least amount of cost
- Light a match or a butane lighter
- Can be used in residential installs
- This system is the easiest to use, and with non-listed burners you can achieve high BTU's and big flames.

How it Lights

Insert key into shut-off valve. Light a butane lighter or match. Hold it near the burner and turn gas on. The gas will ignite. To turn off, insert the key valve and turn to OFF position.

LAVA ROCK ONLY

When using lava rock, use enough to cover entire burner. Do not over-fill. Just use enough to hide the burner from view.

LAVA ROCK & GLASS

In order to use glass, you must lay down a layer of lava rock. Fill the pan with lava rock until it is level with the top of the burner. Then take your glass and lay it on top of the lava rock and burner. The glass should only be 3/4" to 1" thick, or just enough to cover the burner.

LAVA ROCK & STONES

In order to use lava stones, you must lay down a layer of lava rock. Fill the pan with lava rock until it is level with the top of the burner. Then take your lava stones and lay it on top of the lava rock and burner. The lava stones should only be one layer thick, just enough to cover the burner.

KALEA BAY

Kalea Bay Outdoor Linear Gas Fireplace

Make a modern statement with the all-new Kalea Bay LED & Non-LED outdoor linear gas fireplace. Designed with a clean and contemporary style in mind. No chimney or venting required makes it an ideal product for quick & efficient framing & finishing.

Features

- LED Models: Full spectrum lighting - Requires 120VAC power.
- Non-LED Models: Battery-operated Ignition.
- Four Sizes 36" / 48" / 60" / 72" (all 16" tall opening).
- Burner & firebox constructed of weather/corrosion resistant 304 stainless steel.
- Ecoflow Electronic Ignition System features built-in safety shutoff in case of loss of flame and auto-relight.
- Control Center with each model housed in 304 Stainless Steel Cabinet.
- Ships as Natural Gas (NG) or Liquid Propane (LP). Field Convertible to Liquid Propane (LP). Conversion Kits sold separately.
- Tested & Approved to: ANSI Z21.97-2014/CSA 2.41-2014 standards.

LED Models

Controls: On / Off,
Low / High, Continuous
Pilot, Learn & LED On/Off.

Use the RGB dials to get your desired color, there are over 16 million to choose from!

NON-LED Models

Controls: On / Off,
Low / High, Continuous
Pilot, & Learn.

C Batteries (4)

Easy access to the battery tray makes maintenance for the Kalea Bay a breeze.

Spring into action and start the outdoor patio fun early.

DSH

The DSH infrared heater is sleek and fits with both indoor and outdoor designs for environments with low lighting. With a 3 second heat up time, this electric heater is sure to bring comfort quickly and can be either wall, ceiling, or stand mounted - ceiling bracket and mounting stand sold separately.

DIR Series

With Schott Nextrema® ceramic tinted glass, the DIR series infrared heater combines attractive design with premium performance. This wall-mounted electric heater provides maximum warmth in as little as 6 seconds – go from cold to comfortable with the touch of a remote.

Coming Soon

DIRP

No need for a professional electrician, once mounted, the new plug-in DIR series heaters are safe and easy to use. With the touch of a remote, the Schott Nextrema® ceramic tinted glass heats to maximum warmth within 6 seconds – a premium performance product.

DLW Series

Available in black or white, the DLW series infrared electric heater offers a slim profile and minimalistic style that blends with any décor. This radiant long-wave electric heater emits no visible light making it ideal for low-light environments and can be ceiling or wall mounted.

DGR32WNG

Warm your outdoor oasis without taking up patio space with the DGR wall-mounted natural gas heater. Mount from the ceiling or on the wall, whatever way works best for you. This award-winning design will keep your patio heated all season long.

DGR32PLP

The award-winning design of the DGR portable propane heater will keep you warm wherever you go. Its world-class wind protection rating of 16 km/hr ensures you and your guests feel warm even on the coldest nights.

PATIO COMFORT ELEMENTS

This outdoor kitchen has it all. Design and build your dream outdoor kitchen in 3 easy steps!

Each island we build is framed out with strong, yet light-weight, non-corrosive welded aluminum tubing, clad with a durable powder-coated finish of your choice and then topped with one of our five luxurious granite options.

Step 1: Select your size and configuration

- ☐ 5' Island with storage **\$2,149 MSRP**
- ☐ 7' Island with fridge and storage **\$2,875 MSRP**
- ☐ 7' Island with trash drawer and storage **\$2,875 MSRP**
- ☐ Custom size & configuration **\$ See RMI Rep**

Each Grill Island comes standard with stainless steel leveling feet, aluminum floor pan, vent & GFI receptacle box.

**Appliances and other components not included*

Step 2: Choose your base finish color

Brown Rust

Textured Black

Suede Speckle

Step 3: Choose your granite top

Dallas White

Luna Pearl

Verona

Santa Cecilia

Ubatuba

Granite top is 1-1/8" thick. Natural stone varies and may differ slightly in color and pattern.

Patio Comfort Elements is a family-owned business with the goal of delivering quality products for the hearth, home and outdoor living spaces along with the commitment of superior customer service.

Our Atlanta-based offices are attached to our warehouse to allow us a hands-on approach throughout all aspects of our product development. We are committed to utilizing high quality materials, skilled craftsmanship and strict quality control to produce our products. Our focus is on continually improving our products and our service to exceed the expectations of those we serve.

MEC Gas Box (High Pressure)

APPLICATION

Utilizes standard LP Gas outdoor appliance regulator and connector. Both models provide full capacity operation at 10 PSI or higher inlet pressure for all outdoor appliances without modification or the hassles of a 20 lb. cylinder. Simply thread the Type 1 QCC or POL connector onto the MEC Gas Box, turn on the shutoff valve, wait approximately 60 seconds and enjoy continuous LP Gas flow.

FEATURES

- Universal 1 5/16" M. ACME/F. POL Outlet
- Primary Shutoff Valve for each Outlet Connection
- For use with 10-250 PSI Inlet Pressure
- Universal Mounting Hardware
- Weather Resistant Nylon Case
- Universal 1/2" FNPT Inlet Connection
- Secondary Safety shutoff Poppet at each Outlet for Zero Discharge at Disconnect
- Hinged Cover with Latching Mechanism

PELLET GRILL

www.DeltaHeat.com

153

BUILT-IN GRILLS, DOORS & DRAWERS

RAWERS

OUTDOOR KITCHEN CONSIDERATIONS

- Carefully consider grill size & accessories needed
 - Combustible construction requires insulating liner
 - Select National or Propane LP gas
 - Determine total gas consumption for supply line size
 - Access is required to gas connections and shut off valve
 - Plan location of propane tank away from grill and appliances
 - Always refer to the installation and operating instructions of your Fire Magic® grill and/or accessories for installation guidelines & safety warnings, before starting your project
 - Always check all gas connections for leaks
 - Provide ventilation in island for gas vapors. Allow at least four ventilation openings two at floor level and two 16" above floor 10 ft each at opposing ends/sides
- ## LOCATION
- Identify outdoor area where grill will be installed
 - Determine the utilities needed (gas, water, electricity, drainage, etc.)
 - Consider external exposure (sun, wind direction, weather, etc.)
 - *"Wind blowing into or across the rear open end will cause poor performance and/or dangerous overfiring. Orient the grill so that wind blowing into or across the rear open end will cause poor performance and/or dangerous overfiring. Orient the grill so that wind blowing into or across the rear open end will cause poor performance and/or dangerous overfiring."*

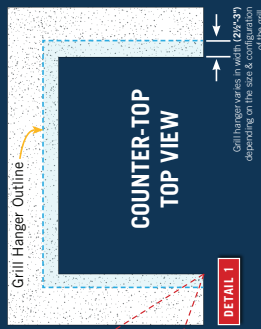

LOCATION

- Identify outdoor area where grill will be installed
- Determine the utilities needed (gas, water, electricity, drainage, etc.)
- Consider element exposure (sun, wind direction*, weather, etc.)
- * Wind blowing into or across the rear oven lid vent can cause poor performance and/or dangerous overheating. Orient the grill so that the prevailing wind blows toward the front of the grill

MATERIALS

- Foundation - concrete
- Base - brick, stone, stucco, concrete
- Counter-top - tile, granite, marble, concrete

COUNTER-TOP
TOP VIEW

Notes

1. Allow there to be a humpier on longer sides of each grill. You must allow clearance for the humpers (SEE DETAIL 1).
2. The control panel (lines) of the grills is *wider*, than the actual width. This correlates the widest spacing on the left & right hand sides.
3. Clearance of 10" on each side of the oven is recommended for unrestricted operation of lid and rotisserie and at least 3" at the rear flange for ease of maintenance and proper operation. (18" from combustible surroundings on each side and rear is required)
4. Insulating liners must be used and are available for combustible surrounds (See page 6).
5. The rotisserie motor on all models is located on the right side of the grill. Optional Reverse Brackets are available to mount the motor on opposite side of grill. Left & right hand burner operation comes with rotisserie and back burners.

FOR ALL BUILT-IN UNITS
Must provide proper ventilation
... or LP or NG.

The information provided is for reference purposes only. Detailed instructions and specifications unique to the product purchased can be found in the Manufacturer's Owner's Manual.

BUILT-IN KEGERATOR ONLY

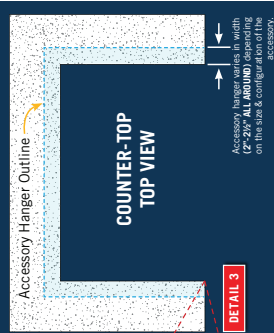

- A430s-7EAP-P6
- A430s-8EAP-P6

- A430s-7EAP-P6
- A430s-8EAP-P6
- C430s-RT1P-P6

COJOVA

1. There is a hanger on three sides of the grill (SEE DETAIL 3).
2. The control panel (line) of the accessories is wider than the cabinet width (line). This conceals the cabinet space on the left & right hand sides.
3. Clearance of 10" on each side, and 33" at the rear of the oven is recommended for unobstructed operation and access. (18" non combustible surround are available on each side and rear)
4. Insulating linings must be used and are available for combustible surrounds. Double Size burner (3381). Single Size burner (2270-1) and Drop-In Size burner (3290) do not require an insulating

top to unit bottom)

Grill Insulating Liners

(must be used when installing in a combustible island)

Model	Description	"A" Cut-out
24-IL-C	24" Grill Insulating Liner	28⅝"
30-IL-C	30" Grill Insulating Liner	34⅝"
36-IL-C	36" Grill Insulating Liner	40⅝"

* Available with left or right hinge

TOP VIEW

SIDE VIEW

ISLAND COUNTER-TOP OVERHANG

The control panel is designed to sit flush against the enclosure front wall. If the enclosure counter-top extends beyond the front wall, creating a counter-top overhang, it must be cut flush with the front wall for the width of the control panel or a gap will be created exposing the forward portions of the left and right side grill fire walls. See illustrations below.

"L" SERIES ELECTRICAL SPECIFICATIONS

- "L" Series grills require 120VAC (5 AMP min.) power to operate
- Power supply rating - 120VAC / 0.3A / 60 Hz
- Oven lights rating - 12V / 10 watt halogen bulb

"L" SERIES BUILT-IN GRILL WIRING DIAGRAM *

* 24" model shown. Model wire diagrams vary between models, a wire diagram specific to each unit can be found affixed to the inside of the control panel.

OUTDOOR KITCHEN CONSIDERATIONS

- Carefully consider grill size & accessories needed
- Combustible construction requires insulating liner
- Select Natural or Propane (LP gas)
- Determine total gas consumption for supply line size
- Access required to gas connections and shut off valve
- Plan location of propane tank away from grill and appliances
- Always refer to the installation and operating instructions of your American Outdoor Grill® and/or accessories for installation guidelines & safety warnings before starting your project
- Always check all gas connections for leaks
- Provide ventilation in island for gas vapors. Allow at least four ventilation openings (two at floor level and two 16" above floor 10 in² each) at opposing ends/sides

LOCATION

- Identify outdoor area where grill will be installed
- Determine the utilities needed (gas, water, electricity, drainage, etc.)
- Consider element exposure (sun, wind direction, weather, etc.)

MATERIALS

- Foundation - concrete
- Base - brick, stone, stucco, concrete
- Counter top - tile, granite, marble, concrete

The information provided is for reference purposes only. Detailed instructions and specifications unique to the product purchased can be found in the Manufacturer's Owner's Manual.

CUT OUT DIMENSIONS

Allow minimum of 5 1/2" clearance from the grill's rear edge (6 1/4" from cutout) to the backsplash to allow the hood to fully open.

Rotisserie Motor can be installed either on the right hand side or left hand side.

The information provided is for reference purposes only. Detailed instructions and specifications unique to the product purchased can be found in the Manufacturer's Owner's Manual.

INSULATING JACKETS

For installation in combustible construction

Warranty Reference Guide

Warranty Claim Process: To ensure the proper warranty processing and to help expedite your claim please be able to provide RMI Customer Service and/or Technical Support with the complete model and serial number of the item. It is recommended that you contact RMI's Technical Support department before replacing any parts. For propane and natural gas related claims please be prepared to supply the inlet/outlet gas pressures when you call. To accurately troubleshoot and ensure the best outcome we recommended that you call our Technical Support department while you are in the field with the unit.

Refer to the manufacturers instructions manual for more information on the conditions, exclusions and procedures regarding the individual product warranty. This is just a guide. Subject to change.
